SECOND RENEWED PETITION UNDER 37 C.F.R. § 1.47(a)

This is a second renewed petition filed under 37 CFR §1.47(a) for acceptance of a Declaration and Power of Attorney filed by a joint inventor on behalf of a joint inventor who refuses to join in an application for patent or cannot be found or reached after diligent effort. All statements and evidence presented in Applicant's original 37 CFR §1.47(a) petition filed on June 4, 2002 and Applicant's renewed petition filed on December 6, 2002 are incorporated herein by reference. This second renewed petition is in response to the Decision on Renewed Petition dated April 23, 2003.

In the Decision on the Renewed Petition Under CFR §1.47(a) (the Decision), the Examiner noted acceptance of all evidence and facts relating to the inventors. The Examiner, however, noted a discrepancy in the name of Applicant Mr. Lemke in that the name appearing in the international publication appears as "Al Lemke" and the name presented in the declaration for the U.S. national application appears as "Guido Lemke." The Examiner is thus requiring a new declaration in the name of Al Lemke or in the alternative a petition filed under 37 CFR §1.182 requesting that Applicant's name be changed from "Al Lemke" to "Guido Lemke" along with an explanation of the discrepancy, a statement that no deceptive intent was involved, and the required fee. Filed herewith is a petition under 37 CFR §1.182 requesting that the name of the Applicant identified as Al Lemke in the international publication of the present application be changed to Guido A. Lemke as indicated by Mr. Lemke's signature.

**PETITION UNDER 37 C.F.R. § 1.182
REQUESTING A CHANGE IN APPLICANT NAME**

This is a petition filed under 37 CFR §1.182 requesting that the name of Applicant identified as "Al Lemke" in the corresponding international publication of the present application be changed to "Guido A. Lemke." Below is an explanation of the discrepancy.

As stated in Applicant's petition under 37 CFR §1.47(a) filed on June 4, 2002, the international application corresponding to the present application was filed by the law firm of Haynes & Boone. Mr. Lemke was identified as "Al Lemke" in that international application. Thereafter, Applicant requested that the undersigned and the law firm of Madan, Mossman & Sriram file and prosecute the present U.S. national phase application.

I prepared the original US assignment and declaration documents based on the names provided in the international application and requested that Applicant Input/Output, Inc. verify the information. Applicant responded with a spreadsheet showing the subject inventor's name as Guido Lemke with the given name "AI" as parenthetical (AI) to indicate the name by which Mr. Lemke is informally known in the company, i.e. Mr. Lemke's nickname. I then corrected the declaration and assignments and sent them, along with the application, for review and execution by the inventors. As to Mr. Lemke, I corrected his name to read "Guido Lemke" in the signature block of the declaration.

As shown in the declaration filed on June 4, 2002, Mr. Lemke executed the declaration by signing "Guido A. Lemke." Therefore, in accordance with 37 CFR 1.63(a)2, Applicant files this petition requesting that the inventor name appearing as Al Lemke in the PCT application be changed to Guido A. Lemke for the purposes of the above-identified U.S. application.

Applicant encloses herewith a check in the amount of \$130.00 for filing this petition. No other fee is believed due. The Commissioner is authorized to charge any under payment or credit any overpayment associated with this communication to **Deposit Account No. 13-0010 (IO-1013US)**.

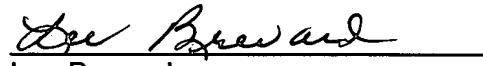

Respectfully submitted,
